DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 16, 18, 19, 20, 22, and 26 are rejected under 35 U.S.C. 103 as being unpatentable over Friedlaender, U. S. Patent 2,223,560 in view of Sherman, U. S. Patent 6,164,451. Friedlaender teaches a container for school supplies comprising a frame portion 15 including sidewalls 37, a back wall and lid 35 defining a cavity for holding items such as pencils or pens. The container also has a binder portion 27 with holes 39 to receive rings of a conventional binder. In addition, the container has dividers 16 within the frame portion for dividing cavity into sub-cavities to receive pencils or pens. See figure 2-4.

3. Friedlaender does not teach a transparent cover as recited in claims 16, 22 and 26 or a mounting structure as recited in claim 20.

4. Sherman teaches a cosmetic case comprising a frame member 150 with a plurality of cavities 154, binder portion 150a, and a transparent cover 160 hingedly attached to the frame 150 (column 5, lines 20-24). See figure 6. Within each cavity a magnetic member may be provided to detachably maintain the cosmetic items therein.

5. It would have been obvious to one having ordinary skill in the art at the time this invention was made to construct the combination kit taught by Friedlaender with a transparent cover as taught by Sherman to provide a means to view the contents of the kit.

6. With respect to claim 20, it would have been obvious to one having ordinary skill in the art at the time this invention was made to construct the sub-cavities taught by Friedlaender with magnetic member therein to provide a means to retains the pencils and pens mounted therein.

Allowable Subject Matter

7. Claims 3, 6-8, 13 are allowed.

8. Claims 17, 21, 23, 24, 25 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

9. Applicant's arguments with respect to claim 20 have been considered but are moot in view of the new ground(s) of rejection.
